Profile

Motivated and skilled IT support and front-end developer with experience in web design with over five years in IT support and proficiency in front-end development technologies like HTML, CSS, JavaScript, Bootstrap, Tailwind CSS and React (basics), I bring both technical expertise and a user-focused design approach. Passionate about creating responsive, engaging websites and providing effective technical solutions, I am now seeking opportunities where I can contribute my skills to drive seamless user experiences and support digital growth.

Education

- Federal University of Agriculture, Abeokuta (FUNAAB).
- Graduated in 2023.
- Degree: B.Sc. in Physics (CGPA: 3.0)
- Relevant Course Work: Computer Science Fundamentals, Data Structures, Web Development, Database Management, Classical Mechanics, Electromagnetism

Experience

IT Support Specialist

- Company: Murphylog Global Concept (2019 to date)
- Provided high-quality technical support, maintaining a high user satisfaction rate.
- Improved resolution times by 40% through effective troubleshooting methods.
